

TECHNICAL DATA SHEET

GUIDELINES FOR HARD SURFACE PROTECTION FILM

Please carefully read these application and limitations before using this product.

USAGE

1. Protection against spills, scratches, stains & dirt during building works, remodelling, painting, decoration, furniture removal and parties
2. Quick & Simple to apply and remove.
3. Self adhesive for secure positioning.

APPLICATION

1. Before applying the film ensure the surface is clean and dry.
2. Customers must fully evaluate the product by testing prior to using. Test the film for 48 hours on a small hidden area of hard surface to ensure compatibility with the hard surface and to ensure that there is no adhesive transfer or damage to hard surface.
3. To apply the roll, lay it on the floor facing the direction required to cover. Push the roll forward a small distance and press down firmly to ensure the film has adhered to the hard surface. This is for reverse wound. If standard wound, unwind and apply as normal film.
4. Continue to unroll, pressing down and smoothing out any air pockets, checking the film is rolled straight.

LIMITATIONS

1. **Do not leave the film in place for longer than 30 days.**
2. For use on **Hard Surface Only.**
3. Do not use on Glass Surface or Carpet Surface.
4. Film is one time use only. Remove and dispose of in accordance with local environmental regulations.
5. **CAUTION!** May cause damage to varnished floors where the curing process had not finished. Please give sufficient time for varnish to fully adhere to the surface prior to applying the film and check compatibility.
6. **Do not apply to a damp surface,** which will prevent any moisture from evaporating and could cause discoloration and may affect the performance of the product.
7. High traffic areas or outdoor exposure may require renewal of film weekly or sooner.
8. The product should be stored no longer than 12 months at room temperature.

These suggestions and data are based on information we believe to be reliable and accurate, but no guarantee of their accuracy is made. AVANTI Tapes Limited shall not be liable for any damage, loss or injury, direct or consequential arising out of the use or the inability to use the product. In every case, we urge and recommend that purchasers, before using any product in full scale production, make their own tests to determine whether the product is of satisfactory quality and suitability for their operations, and the user assumes all risk and liability whatsoever, in connection therewith. Please contact us for further assistance and information.
